BORAH CALLS TREATY WITH
FRANCE "THE PREMATURE
OBITUARY" OF LEAGUE

Washington, July 7.—The new treaty with France, by which that nation is promised American aid in case of an unprovoked attack by Germany, was described as "the premature obituary of the League of Nations as a league of peace," in a statement issued last night by Senator Borah, republican, of Idaho. The senator also charged that the promise was made by President Wilson in order to purchase French support for the league plan.

"The French-British-United States alliance," said the statement, "is based upon the theory of war; it is, like all such alliances, a war alliance. Could there be a more open confession by the authors of the league that the league means neither peace nor disarmament?"

MANY WORLD WAR "VETS"
EXPECTED WHEN COLORS
ARE PRESENTED TO STATE

Oklahoma City, July 7.—If advice at the adjutant-general's office can be construed as an accurate index of the interest manifested in the ceremony attending the presentation to the state of the colors of various returned overseas military units, there will be a large gathering of veterans of the world war campaigns at the statehouse on Thursday afternoon when Governor Robertson accepts the colors on behalf of several officers of the units, who were called to Camp Bowie, Ft. Worth, Texas, to be mustered out, made necessary the postponement of the ceremony originally planned for last Saturday afternoon.

Major, Eddie Stephenson, who was in command of the 131st machine gun battalion of the 36th Division, will formally present the colors of his command. It is possible that the presentation speech of Major Stephenson will incorporate all of the 11 stands of colors, although other presentation speeches may be made. Escorted, formed of veterans of the various commands, will pass in review of the governor and his party and at the conclusion of the review Governor Robertson will make an address in which he will acknowledge Oklahoma's pride in her overseas units, her feeling of honor in accepting the custody of the colors and give the state's pledge of safekeeping. The colors will be actually in the custody of the adjutant-general's department, although possession remains with the federal government. The following colors will be presented:

Thirty-sixth division: 131st machine gun battalion; 142nd infantry, (the original colors of the First Infantry Oklahoma National Guard), which was consolidated with a Texas regiment to make the overseas strength of the 42nd; this stand is the only one which is not the battle colors of the units specified.

Ninetieth division: 344th machine gun battalion; 342nd field artillery; 357th infantry and 179th infantry brigade.

Other units: 304th cavalry; 54th field artillery; 79th field artillery and 50th infantry.

ROBERT MINOR RELEASED
"ON ORDERS FROM HIGHER
AUTHORITY," SO STATED

Colbert, Sunday, July 6.—Robert Minor, the American newspaper correspondent and cartoonist who has been under detention here by army authorities pending an investigation, has been released, it was learned today. No formal announcement was made, but officers said the case had been dropped on orders from higher authority.

It is understood that Minor will be returned to Paris, where he was arrested a month ago by the French at the request of the British. The latter refused to prosecute him, turning over certain alleged evidence to the American authorities. It is said that this was in connection with an alleged conspiracy to spread radical propaganda among soldiers within the British and American areas.
